Dear Colleen

On behalf of the Committee and members of Kellyville Riding Club, I wish to sincerely thank you for your time and genuine interest shown in our club at the seminar and practical day conducted last weekend.

As one of your demonstration riders and then lesson recipient, I found the entire experience fantastic. To be able to "lay down" the theory learnt from Saturday night into practical on the Sunday was personally a great way of learning! You certainly have a way of explaining how something so simple as "not looking up" can affect your performance! I for one will definitely be working on that one!!

Once again our sincere thanks and here is hoping we can have you return again later in the year to see how much we have improved!

Kind regards

Gail Benson
Honorary Secretary
Kellyville Riding Club

p.s. A big thank you also for your kind donation of the lesson package at your property for a raffle. Also on behalf of Dianne, Anne and myself, thank you for the gifts for being demonstration riders.
