To Whom It May Concern:

I would like to take this opportunity to recommend Dr. Colleen Kelly as a speaker and clinician at the 2010 World Equestrian Games.

I met Colleen at the United States Equestrian Federation convention in January of 2009, where she was a speaker. Thereafter, I invited her to come to Kentucky and give a lecture and live demonstrations to youth and adults. They had the opportunity to bring their horses and learn firsthand the techniques that Colleen applies to her horses and those of her clients. She is very knowledgeable in Dressage and other equestrian disciplines. She is also very entertaining and keeps the audience's attention at all times. She is also extremely easy to work with and will tailor her program to the specific needs of the clients. To top it all off, she is funny, amusing and energetic. Everyone that watches her is captivated by her. To top it all off, she has many credentials and has been a dressage judge for 30 years. She knows what she is looking for in a horse and how to attain it.

Because of the aforementioned reasons, I believe Colleen would be an excellent addition to the 2010 WEG educational program.

Sincerely,

Fernanda C. Camargo-Stutzman, DVM, Ph.D.
Assistant Professor - Equine Extension Specialist
