To Whom It May Concern:

Please accept this as a letter of reference for Ms Colleen Kelly.

Colleen came to our University and conducted a one day clinic and evening unmounted presentation approximately 2 years ago. I have also observed Colleen present in at least two horse expos since that time.

Colleen has a wealth of knowledge, not unlike most of the presenters you see touring the country. The thing that makes Colleen unique is the way she presents her material. Colleen is humorous and doesn't take herself too seriously which is quite refreshing for more knowledgeable participants who may be hearing material they are already familiar with. She also makes complicated concepts incredibly simple which is very exciting for the novice equestrians in her audience.

Collen was easy to work with. She communicated very clearly with me about her travel plans, how the clinic and presentation were going to run, how her fees were structured and was quick to answer any questions I had.

If you have any questions please feel free to contact me at 434.441.6448.

Sincerely,

Ginger Henderson
